Lens(es) to be calibrated				Notes*

List all cameras and lenses sent in the above chart. Do not send damaged or defective equipment as Acme Camera does not perform repairs on any equipment. Micro-focus adjustment is not available on all cameras, please contact us before shipping your camera to verify that it can be adjusted. Do not send memory card(s) with your camera. Any equipment received with defects or damage will not be adjusted. Acme recommends that you ship your equipment insured for its full replacement value. Acme does not accept responsibility for any damage to your gear during shipment. Acme ships all equipment insured for replacement value and will file claim(s) where necessary.

I hereby agree to these terms,
